Alexey Tarasov

Middle iOS Developer

Employment: Fully Remote\ On-Site\ Relocation

Location: Montenegro (UTC+2)

ABOUT ME

I'm an iOS developer with over 2,5 years of experience in commercial development. Before that, I worked as an IT manager for a long time, which developed my communication skills, the ability to organize my work and take a responsible approach to its implementation.

EXPERIENCE

Magenta Technology

august 2021 - present time (2,5 years)
Position: iOS developer
Responsibilities: Development of commercial projects related to taxi and delivery for the UK, UAE, Saudi Arabia, Colombia, etc. I also have experience in developing a commercial application from scratch, when the task was to make the application the way it is on Android. I implemented such features as payments with Apple Pay and cards using 3DS 2.0 technology, set up CI/CD deployment in GitLab, anti-fraud protection when registering new users, rewrote the REST API to the Moya framework, rewrote the code with the SOA pattern, made custom screens with a camera for making photos and barcode recognition, driver voice recognition service, individual design for different clients, etc. Programming languages are Swift and Objective-C. Teamwork in Agile methodology. Projects are maintained in JIRA and GitLab. Projects architecture: VIPER and RIBs. The stack of technologies I used: UIKit, Storyboard, Autolayout, PinLayout, FlexLayout, Moya, Alamofire, XMPP, CoreData, ObjectMapper, WebSocket, Starscream, GCD, RxSwift, Firebase, Fastlane, AVFoundation, ViperMcFlurry, RIBS, Typhoon, CoreLocation, UserNotifications, etc.

PFC «Krylia Sovetov»

august 2010 - august 2021 (11 years)
Position: IT manager
Responsibilities: Organization of IT infrastructure. Administration of servers based on Microsoft (AD, DNS, GPO, Exchange, Hyper-V,

MS SQL). Administration of network equipment, cloud infrastructure based on VMWare. Conclusion of contracts and work with contractors for the provision of IT services and communications.
